

# PRECIOUS METALS

ASSOCIATION OF NORTH AMERICA

## *2017 Jack Gannon Industry Leader Award*

On May 10, 2015 long-time member and President, Jack Gannon passed away. Jack was a true industry leader who worked with and shared his knowledge and expertise with all who asked. Jack personified those who make up this industry and why today, the Precious Metals Association of North America have named this special award in his honor.

On behalf of our Board of Directors and all our members, we are pleased to announce that our 2017 Jack Gannon Industry Leader of the Year Award is presented to Jon Potts, CEO, FidelityTrade.

Jon is a long-time member and past President of the Association and respected leader in the industry. When asked to describe Jon, his peers used words like dedicated, great to work with, leader, honest broker, and friend. Jon has meant so much to this industry and PMANA and it is only fitting that we honor him with this award this year.

Congratulations on this well-deserved award and recognition Jon!
